

Word Brainstorm

Objective

Parents and children will brainstorm as many words as possible to describe an object.

Materials

Objects around your home.

Activity Steps

1. Choose an object in your home that is familiar to your child. For example: an apple, kitchen utensil, stuffed animal, etc.
2. Together with your child list as many words as possible that describe that object. You can write the list or say it orally.
3. Repeat with various objects around the home. Challenge yourselves to come up with longer lists of describing words with each new object.
